To the Clerk of the Court

16-20807

I have reviewed the copy of my Notice of Appeal that I have in possession and I realized that there is some information I just left out in a field that may be a required field to fill. "Pro Se" was meant to be written in that field. It is appreciated if you can make that correction for me and if not then I ask that you return the application to me so I can make the necessary corrections myself. If I must fill out another application due to the lack of information then I request a "Notice of Appeal" form to return to you with all the required information.
